SMS Delivery Report within Australia	5c per message
Unused allowances will expire each month at the end of your billing cycle. All inclusions are for use in Australia. Prices include GST unless otherwise specified. Our website contains further information about rates.	

Information about the service

Offers and promotions

Special promotional offers relating to your plan (if any) are not shown in this Critical Information Summary. To check your plan details including any applicable offers, please contact Customer Support or visit the Customer Portal.

Bundling

You don't have to bundle this service.

Tech Fund

The Tech Fund included in your plan(s) can be used towards purchasing a device from us. If the total cost of the device(s) you choose exceeds your Tech Fund allowance, you will need to pay the difference upfront. Terms and conditions apply; see our Product Terms.

Phone

Bring your own phone or speak to us to find out which phones you can purchase from us. Depending on what you choose, you may need to pay additional fees. If you bring your own device, please check compatibility here: www.vodafone.com.au/about/legal/devices

Data usage

Your data inclusions may only be used in Australia on our network or when roaming overseas in Eligible Destinations on the \$5 Roaming Service. If you exhaust your shared Max Speed Data Allowance in Australia, your data will be slowed to up to 2Mbps. You will not be charged additional fees when you exceed your Max Speed Data Allowance unless you are using \$5 Roaming in Eligible Destinations. For more information, check out 'What you can do with 2Mbps' on our [website](#).

Tethering

Tethering is permitted to your own devices only (such as your laptop) but must not be used in a modem or as a substitute for an internet service.

Data and international minutes sharing

Data inclusions and international minute inclusions (other than any unlimited inclusions) for all Business First Voice Plans that are on the same billing account will be pooled and used by each user on a first-in-first-serve basis. If you have Business First Mobile Broadband Plans and/or Business First Voice Plans on the same billing account, the data inclusions of those plans will also be added to this data pool (excluding any unlimited data inclusions). Data and international minute sharing is only available in Australia or when using \$5 Roaming in Eligible Destinations.

Data Add-ons and Data Boosters

You can add Business First Data Add-ons to your plan, which will bill monthly and remain active until cancelled. The data will be added to the pool of data available on the billing account. You may also purchase one-off Data Boosters from time to time, which expire at the end of the relevant Data Booster period. You can purchase multiple Add-ons and Boosters. All unused data inclusions will be forfeited at the end of each billing month. All Add-ons and Boosters: pricing may change from time to time.

Pricing Add-ons and Boosters	Allowance	Price
Business First Data Add-ons (recurring)	3GB	\$15
	15G	\$30
	50GB	\$45
Business First IDD Add-ons (recurring)	240mins Zone 1	\$5
	60mins Zone 2	\$10
Business First Data Boosters (one-off purchase)	3GB	\$15
	15GB	\$30
	50GB	\$45

International (IDD) minutes

The international minute inclusions are only available for use within Australia and in \$5 Roaming Eligible Destinations, and can only be used to make standard international voice calls to the selected destinations listed at [here](#). You can also purchase Business First IDD Add-ons to increase the international minute inclusions to share across plans on your account, which will be billed monthly and remain active until cancelled.

Changes to your plan

From time to time we may make changes to your plan (including to the price or inclusions), or we may move you to a new plan (which may cost more and the inclusions may change). If we consider that the change or move has more than a minor detrimental impact on you, we'll give you notice. If you don't like the changes or the new plan, you can cancel. If you cancel, you may need to pay out the remaining cost of any device or accessory.

Other information

Usage	You can keep track of your call and data usage by contacting Customer Support. An account summary of usage is available in the Customer Portal.
Roaming	\$5 Roaming is pre-activated on Business First Tech Fund Plans. This will allow you to use your plan inclusions for an extra \$5 per day, per device, in Eligible Destinations, as listed at https://www.vodafone.com.au/business/enterprise-mobile-plans. While using \$5 Roaming, if you use more than your included data allowance you'll automatically receive extra data in 1GB increments, each charged at \$5 (equivalent to \$0.005/MB). If you use your service in a destination which is not an Eligible Destination, or if you have opted out of \$5 Roaming, you will be charged our Pay-As-You-Go Rates. All roaming costs are in addition to your minimum monthly spend. You can deactivate \$5 Roaming (or Roaming altogether) at any time, or check your roaming usage, via the Customer Portal. Note: Roaming usage information is not real-time and there may be delays in viewing these charges. Eligible plans include a set number of Included \$5 Roaming Days each calendar month at no extra charge (see the plan tables above). One Included \$5 Roaming Day is used for each day you use your service in an Eligible Destination. Once your included days are used up, the standard \$5/day charge applies for each further day of use in that calendar month. Unused Included \$5 Roaming Days expire at the end of the calendar month and don't roll over.
Bill	Bills will be sent for free via email. Please contact Customer Support if you require copies of your bills. For customers on shared plans, only the account holder will receive a bill. This bill will show the total for all the shared plans, and details individual plans.
Coverage	The quality and availability of some services and the speeds you reach will continually vary depending on many factors such as your location, your device capabilities, network congestion, network coverage, environmental factors, if you are roaming or if you are a heavy data user. For more info, head to our coverage checker at www.vodafone.com.au/network/coverage-checker
We're here to help	Please contact Customer Support or your Account Manager. If, after speaking with us, you aren't happy with the outcome and you are a small business you may also contact the Telecommunications Industry Ombudsman on 1800 062 058, or head to tio.com.au .

This is a summary only. The full legal terms are set out in the Vodafone Business General Terms and the Business First Product Terms available at www.vodafone.com.au/business/legal, and the Business First Service Schedule attached to your Order. Vodafone's Fair Use Policy applies to any unreasonable use of your plan. Vodafone's Fair Use Policy applies to any unreasonable use of plan inclusions. This includes use of any 'Unlimited' or 'Infinite' offerings. Fair Use Policy is available at vodafone.com.au/business/legal.
